**Zen-Existentialism** - Lit-sen Chang 2011-07-21  
Modern man has found that material achievements are failing him, but in his escape from despair, he has become an easy prey for

the deceptive cult of "Zen-Existentialism." There has emerged a mode of radical "New Humanism" with its emphasis on "human autonomy." In place of the God-man appears the "man-god." There is a search for the "world within," the "limitless inner space," the "expansion of

consciousness", and the transcendental experience of "Satori." First published in 1969, this book prophetically anticipated the growth of New Age developments in the decades to follow. Lit-sen Chang directly spoke to the Hippie movement of his day, which was then seeking various means of transcendence through drugs and eastern mysticism. This book also reflects fifty years of bitter experiences of the author's spiritual pilgrimage and shows how he was miraculously delivered by the grace and power of God from his "cul-de-sac." Chang writes of the utter futility of the fantasy of the East, analyzes the root causes of the crises in the West, and points out the doom of auto-soterism after his careful diagnosis of the human problem in cultural, philosophical, religious, and theological terms.

The Hiding Place - Corrie Ten Boom 2012-07-19  
The #1 testimony book that every Christian needs to read. Despite the danger and threat of discovery, the ten Boom family courageously

offered shelter to persecuted Jews during the Nazi occupation of Holland. Then a trap brought about the family's arrest. Could God's love shine through, even in Ravensbruck?

**Nikolaus Pevsner** - Susie Harries 2011-08-18  
Born Nikolai Pevsner into a Russian-Jewish family in Leipzig in 1902, Nikolaus Pevsner was a dedicated scholar who pursued a promising career as an academic in Dresden and Göttingen. When, in 1933 Jews were no longer permitted to teach in German universities, he lost his job and looked for employment in England. Here, over a long and amazingly industrious career, he made himself an authority on the exploration and enjoyment of English art and architecture, so much so that his magisterial county-by-county series of 46 books on The Buildings of England (first published 1951 - 74) is usually referred to simply as 'Pevsner'. As a critic, academic and champion of Modernism, Pevsner became a central figure in the architectural consensus that accompanied post-

war reconstruction; as a 'general practitioner' of architectural history, he covered an astonishing range, from Gothic cathedrals and Georgian coffee houses to the Festival of Britain and Brutalist tower blocks. Susie Harries explores the truth about Nikolaus Pevsner's reported sympathies with elements of Nazi ideology, his internment in England as an enemy alien and his sometimes painful assimilation into his country of exile. His Heftchen - secret diaries he kept from the age of 14 for another sixty years - reveal hidden aspirations and anxieties, as do his numerous letters (he wrote to his wife, Lola, every day that they were apart). Harries is the first biographer to have read Pevsner's private papers and, through them, to have seen into the workings of his mind. Her definitive biography is not only rich in context and far-ranging, but is also brought to life by quotations from Pevsner himself. He was born a Jew but converted to Lutheranism; trained in the rigour of German scholarship, he became an Everyman in his

copious commissions, publications, broadcasts and lectures on art, architecture, design, education, town planning, social housing, conservation, Mannerism, the Bauhaus, the Victorians, Zeitgeist, Englishness and how a nation's character may, or must, be reflected in its art. His life - as an outsider yet an insider at the heart of English art history - illuminates both the predicament and the prowess of the continental émigrés who did so much to shape British culture after 1945.

**The Strange and Dangerous Voyage of Captaine Thomas James** - Colleen M. Franklin  
2013-11-01

While Thomas James is not widely known today, this was not always the case: his 1633 publication *The Strange and Dangerous Voyage of Captaine Thomas James* was, until the early nineteenth century, the British public's primary source of information about what we now know as northern Canada. The account of his attempt to find the Northwest Passage and the winter he

spent on an island in James Bay made his name synonymous with exploration and the north. Over the centuries James's narrative was used to compile travel books and to compose philosophical treatises, histories, children's books, as well as poetry and novels - most notably, it influenced Samuel Taylor Coleridge's *The Rime of the Ancient Mariner* and Mary Shelley's *Frankenstein*. Colleen Franklin's critical edition of the *Voyage* is the first since 1894. Her introduction details how James engages with both medieval and early modern perceptions of the north as well as the early modern imperative to base knowledge on observation and experience, and offers a history of the text's reception from its first publication into the nineteenth century. An invaluable reference on the early European exploration of North America, *The Strange and Dangerous Voyage of Captaine Thomas James* sheds new light on the representation of the Canadian north.

*How Novels Work* - John Mullan 2008-02-14  
Never has contemporary fiction been more widely discussed and passionately analysed; recent years have seen a huge growth in the number of reading groups and in the interest of a non-academic readership in the discussion of how novels work. Drawing on his weekly Guardian column, 'Elements of Fiction', John Mullan examines novels mostly of the last ten years, many of which have become firm favourites with reading groups. He reveals the rich resources of novelistic technique, setting recent fiction alongside classics of the past. Nick Hornby's adoption of a female narrator is compared to Daniel Defoe's; Ian McEwan's use of weather is set against Austen's and Hardy's; Carole Shield's chapter divisions are likened to Fanny Burney's. Each section shows how some basic element of fiction is used. Some topics (like plot, dialogue, or location) will appear familiar to most novel readers; others (metanarrative, prolepsis, amplification) will

open readers' eyes to new ways of understanding and appreciating the writer's craft. *How Novels Work* explains how the pleasures of novel reading often come from the formal ingenuity of the novelist. It is an entertaining and stimulating exploration of that ingenuity. Addressed to anyone who is interested in the close reading of fiction, it makes visible techniques and effects we are often only half-aware of as we read. It shows that literary criticism is something that all fiction enthusiasts can do. Contemporary novels discussed include: Monica Ali's *Brick Lane*; Martin Amis's *Money*; Margaret Atwood's *The Blind Assassin*; A.S. Byatt's *Possession*; Jonathan Coe's *The Rotters' Club*; J.M. Coetzee's *Disgrace*; Michael Cunningham's *The Hours*; Don DeLillo's *Underworld*; Michel Faber's *The Crimson Petal and the White*; Ian Fleming's *From Russia with Love*; Jonathan Franzen's *The Corrections*; Mark Haddon's *The Curious Incident of the Dog in the Night-time*; Patricia Highsmith's *Ripley* under

*Ground*; Alan Hollinghurst's *The Spell*; Nick Hornby's *How to Be Good*; Ian McEwan's *Atonement*; John le Carré's *The Constant Gardener*; Andrea Levy's *Small Island*; David Mitchell's *Cloud Atlas*; Andrew O'Hagan's *Personality*; Orhan Pamuk's *My Name Is Red*; Ann Patchett's *Bel Canto*; Ruth Rendell's *Adam and Eve* and *Pinch Me*; Philip Roth's *The Human Stain*; Jonathan Safran Foer's *Everything Is Illuminated*; Carol Shields's *Unless*; Zadie Smith's *White Teeth*; Muriel Spark's *Aiding and Abetting*; Graham Swift's *Last Orders*; Donna Tartt's *The Secret History*; William Trevor's *The Hill Bachelors*; and Richard Yates's *Revolutionary Road* .

Join an eccentric novelist on the run from his obsessive would-be biographer in this comic farce by the radical Nobel Laureate and author of *Lord of the Flies*. Why should I conceal the fact that I had found a full professor of Eng. Lit. rifling my dustbin? Fame, fortune, alcoholism, a failing marriage: for novelist Wilfred Barclay, his final unbearable irritation is his would-be-biographer, the young academic Professor Rick L. Tucker, who is determined to become The Barclay Man. Locked in a lethal relationship, the two men stumble across Europe, shedding wives, self-respect and identities in a game of literary cat and mouse - and the climax of their odyssey, when it comes, is as inevitable as it is unexpected . . . 'A complex literary comedy from an extraordinarily powerful writer, which holds us right through to the end.' Malcolm Bradbury 'Rich as a compost heap . . . It moves you and at times it can shake you.' Melvyn Bragg '[Golding's] splendid comic gift is used to often hilarious effect, running the whole gamut of

comedy, from irony to farce . . . Hugely enjoyable.' Daily Telegraph

**The Spire** - William Golding 2013-11-05  
Succumb to one churchman's apocalyptic vision in this prophetic tale by the radical Nobel Laureate and author of *Lord of the Flies*, William Golding (recorded by Benedict Cumberbatch as an audiobook). There were three sorts of people. Those who ran, those who stayed, and those who were built in. Dean Jocelin has a vision: that God has chosen him to erect a great spire. His master builder fearfully advises against it, for the old cathedral was miraculously built without foundations. But Jocelin is obsessed with fashioning his prayer in stone. As his halo of hair grows wilder and his dark angel darker, the spire rises octagon upon octagon, pinnacle by

pinnacle, watched over by the gargoyles - until the stone pillars shriek, the earth beneath creeps, and the spire's shadow falls like an axe on the medieval world below ... 'Astounding ... So recklessly beautiful, so sad and so strange ... Holds such a place in my soul that it's more or less a sacred text.' Sarah Perry 'A kind of miracle ... Genius.' Guardian 'Quite simply, a marvel.' NYRB 'Superb ... A classic.' Rebecca West 'A master fabulist .. An iconoclast.' John Fowles 'A visionary ... His masterwork [of] faith, folly and desperate desire ... Golding at his best.' William Golding - John Carey 2010-06-01

In 1953, William Golding was a provincial schoolteacher writing books on his breaks, lunch hours and holidays. His work had been rejected by every major publisher—until an editor at Faber and Faber pulled his manuscript off the rejection pile. This was to become *Lord of the Flies*, a book that would sell in the millions and bring Golding worldwide recognition. Golding

went on to become one of the most popular and influential British authors to have emerged since World War II. He received the Booker Prize for the novel *Rites of Passage* in 1980, and the Nobel Prize for Literature in 1983. Stephen King has stated that the *Castle Rock* in *Lord of the Flies* continues to inspire him, so much so that he named his entertainment company after it and has placed the Golding novel prominently in his novels *Hearts in Atlantis* and *Cujo*. Golding has been called a British *Vonnegut*—disheveled and darkly humorous, perverse when it would have been easier to be bitter, bitter when it would have been easier to be lazy, sometimes more disturbing than he is palatable and above all fascinating beyond measure. Yet despite the fame and acclaim, the renowned author saw himself as a monster—a reclusive depressive ruled by his fears and a man who battled alcoholism throughout his life. In addition to being a schoolteacher, Golding was a scientist, a sailor and a poet before becoming a bestselling

author, and his embitterment and alienation, his family, the women in his past, along with his experiences in the war, inform his work. This is the first book to unpack the life and character of a man whose entire oeuvre dealt with the conflict between light and dark in the human soul, tracing the defects of society back to the defects of human nature itself. Drawing almost entirely on materials that have never before been made public, John Carey sheds new light on Golding. Through his exclusive access to Golding's family, Carey uses hundreds of letters, unpublished works and Golding's intimate journals to draw a revelatory and definitive portrait. An acclaimed critic, Carey enriches crucially our appreciation of the literary work of Golding, bringing us, as the best literary biographies do, back to the books. And with equal parts lyricism and driving emotion, Carey brings to light a life that is extraordinary to the point of transcendent and a writer who trusted the imagination above all things.

**The Battle of the Styles** - Bernard Porter 2011-03-17

The present-day Foreign Office in Whitehall is an imposing building whose genesis is bizarre. In 1857 a competition was held to pick an architect, which provoked a huge row between

the rival 'Classical' and 'Gothic' schools, which a 'Goth' (George Gilbert Scott) won - but was then forced to re-design in Classical. The circumstances surrounding this fiasco furnish the starting-point for this book; which then goes on to analyse the debate that preceded this decision, for the light it sheds on the complex nature of British culture and society then. Among issues raised were contemporary and conflicting understandings of Britain's (or England's) national and imperial identities; of religion and morality; of history, 'modernity' and 'progress'; and of class and gender. The debate offers an unusual insight into the relationship between all these matters and 'high culture' generally. This account of it should be of great value to cultural and social historians, as well as to any architectural historians interested in the broader historical context surrounding this and other great monuments of the time.

**Buddhisms** - John S. Strong 2015-07-02  
Buddhism or Buddhisms? By the time they move on to Buddhism in Japan, many students who have studied its origins in India ask whether this is in fact the same religion, so different can they appear. In *Buddhisms: An Introduction*, Professor John S. Strong provides an overview of the Buddhist tradition in all its different forms around the world. Beginning at the modern day temples of Lumbini, where the Buddha was born, Strong takes us through the life of the Buddha and a study of Buddhist Doctrine, revealing how Buddhism has changed just as it has stayed the same. Finally, Strong examines the nature of

Buddhist community life and its development today in the very different environments of Thailand, Japan, and Tibet. Enriched by the author's own insights gathered over forty years, Buddhism never loses sight of the personal experience amidst the wide-scope of its subject. Clear in its explanations, replete with tables and suggestions for further reading, this is an essential new work that makes original contributions to the study of this 2,500 year-old religion.

*Magic and Masculinity* - Frances Timbers  
2014-02-21

In early modern England, the practice of ritual or ceremonial magic - the attempted communication with angels and demons - both reinforced and subverted existing concepts of gender. The majority of male magicians acted from a position of control and command commensurate with their social position in a patriarchal society; other men, however, used the notion of magic to subvert gender ideals

while still aiming to attain hegemony. Whilst women who claimed to perform magic were usually more submissive in their attempted dealings with the spirit world, some female practitioners employed magic to undermine the patriarchal culture and further their own agenda. Frances Timbers studies the practice of ritual magic in the sixteenth and seventeenth centuries focusing especially on gender and sexual perspectives. Using the examples of well-known individuals who set themselves up as magicians (including John Dee, Simon Forman and William Lilly), as well as unpublished diaries and journals, literature and legal records, this book provides a unique analysis of early modern ceremonial magic from a gender perspective.

Fiction, plays, poetry, and a whole range of non-fictional writing are celebrated in this informative, readable, and catholic reference book, which includes entries on literary movements, periodicals, and over 400 individual works, as well as articles on some 2,400 authors. All the great literary figures are included, whether American or Australian, British, Irish, or Indian, African or Canadian or Caribbean - among them Samuel Beckett, Edith Wharton, Patrick White, T. S. Eliot, Derek Walcott, D. H. Lawrence, Tennessee Williams, Vladimir Nabokov, Wole Soyinka, Sylvia Plath - as well as a wealth of less obviously canonical writers, from Anaïs Nin to L. M. Montgomery, Bob Dylan to Terry Pratchett. The book comes right up to date with contemporary figures such as Toni Morrison, Ben Okri, Salman Rushdie, Carol Shields, Tim Winton, Nadine Gordimer, Vikram Seth, Don

Delillo, and many others. Title entries range from Aaron's Rod to The Zoo Story; topics from Angry Young Men, Bestsellers, and Concrete Poetry to Soap Opera, Vietnam Writing, and Westerns. A lively introduction by John Sutherland highlights the various and sometimes contradictory canons that have emerged over the century, and the increasingly international sources of writing in English which the Companion records. Like an Ancient Shrine - Petra Schultheiss  
2018-07-16

When Prince Albert died in 1861 at the age of forty-two, his wife Queen Victoria followed this tragic event by an elaborate mourning period in which she surrounded herself as well as her people with memorials of the Prince Consort. Of these, the three most elaborate, the Albert Memorial Chapel, the Royal Mausoleum and the National Memorial to the Prince Consort, all included mosaic decoration. In close connection to current architectural theories such as polychromy or the ideal of the complete decoration as well as the research and experimentation that was carried out with and about the medium mosaic, the memorial mosaics were planned and designed. The medium Queen Victoria chose for these monuments served to underline and strengthen the image of Prince Albert that she created and through this also

helped to secure her own claim to power as female sovereign. This book presents an overview of the history of mosaic in England up to the 1860s and a detailed description of the

processes of planning and creating the mosaics. Queen Victoria's memorial program as a whole will be described and compared to contemporary mourning rituals as well as British precedents for initiating similar cults.
