*Litigating Women* - Teresa Phipps 2021-12-31

This edited collection, written by both established and new researchers, reveals the experiences of litigating women across premodern Europe and captures the current state of research in this ever-growing field.

Individually, the chapters offer an insight into the motivations and strategies of women who engaged in legal action in a wide range of courts, from local rural and urban courts, to ecclesiastical courts and the highest jurisdictions of crown and parliament. Collectively, the focus on individual women litigants - rather than how women were defined by legal systems - highlights continuities in their experiences of justice, while also demonstrating the unique and intersecting factors that influenced each woman's negotiation of the courts. Spanning a broad chronology and a wide range of contexts, these studies also offer a valuable insight into the practices and priorities of the many courts under discussion that goes beyond our focus on

women litigants. Drawing on archival research from England, Scotland, Ireland, France, the Low Countries, Central and Eastern Europe, and Scandinavia, *Litigating Women* is the perfect resource for students and scholars interested in legal studies and gender in medieval and early modern Europe.

**Histoire naturelle de Lacépède, comprenant les cétacés, les quadrupèdes ovipares, les serpents et les poissons** - de la Cépède (Graaf) 1844

[Or Words to That Effect](#) - Daniel F. Chamberlain 2016-01-27

This volume raises questions about why oral celebrations of language receive so little attention in published literary histories when they are simultaneously recognized as fundamental to our understanding of literature. It aims to prompt debate regarding the transformations needed for literary historians to provide a more balanced and fuller appreciation of what we

call literature, one that acknowledges the interdependence of oral storytelling and written expression, whether in print, pictorial, or digital form. Rather than offering a summary of current theories or prescribing solutions, this volume brings together distinguished scholars, conventional literary historians, and oral performer-practitioners from regions as diverse as South Africa, the Canadian Arctic, the Roma communities of Eastern Europe and the music industry of the American West in a conversation that engages the reader directly with the problems that they have encountered and the questions that they have explored in their work with orality and with literary history.

Let God Arise - W. Gregory Monahan 2014-03-06

Let God Arise draws upon an extensive array of archival sources to present the first modern account in English entirely devoted to the rebellion and war of the

Camisards. Combining traditional narrative with analysis, W. Gregory Monahan examines the issues that led to that rebellion, beginning with the conversion of the artisans and peasants of the remote mountain region of the Cévennes to Protestantism in the sixteenth century, its persistence in that confession in the seventeenth, and the shattering impact of the Revocation of the Edict of Nantes, which deprived Protestants first of their pastors, and then of the itinerant preachers who attempted to take their place. Beginning in 1701, prophetism swept the region, and the prophets, who believed they heard and followed the word of the Holy Spirit, soon led their followers into violent attacks on the Catholic Church and rebellion against the crown. A persistent and occasionally successful guerrilla war raged for over two years. Monahan argues that the resulting war involved a host of often conflicting world views, or discourses, in which the

various parties to the conflict, whether the king and his ministers at Versailles, the provincial intendant Basville and local officials, the foreign powers, the Church, the generals, or the Camisard rebels themselves, often misunderstood or failed to communicate with each other, resulting too often in terrible violence and bloodshed. Let God Arise tells us much about the nature of the reign of Louis XIV and the popular religion of the time in exploring the last great rebellion in France before the Revolution of 1789.

**Jean Gerson and Gender** - N. McLoughlin 2016-01-12

Jean Gerson and Gender examines the deployment of gendered rhetoric by the influential late medieval politically active theologian, Jean Gerson (1363-1429), as a means of understanding his reputation for political neutrality, the role played by royal women in the French royal court, and the rise of the European witch hunts.

**Women and Gender in Medieval Europe** - Margaret

C. Schaus 2006-09-20

From women's medicine and the writings of Christine de Pizan to the lives of market and tradeswomen and the idealization of virginity, gender and social status dictated all aspects of women's lives during the middle ages. A cross-disciplinary resource, *Women and Gender in Medieval Europe* examines the daily reality of medieval women from all walks of life in Europe between 450 CE and 1500 CE, i.e., from the fall of the Roman Empire to the discovery of the Americas. Moving beyond biographies of famous noble women of the middle ages, the scope of this important reference work is vast and provides a comprehensive understanding of medieval women's lives and experiences. Masculinity in the middle ages is also addressed to provide important context for understanding women's roles. Entries that range from 250 words to 4,500 words in length thoroughly explore topics in the following areas: · Art and Architecture · Countries,

### **Common Land, Wine and the French Revolution -**

Noelle Plack 2016-05-23  
Recent revisionist history has questioned the degree of social and economic change attributable to the French Revolution. Some historians have also claimed that the Revolution was primarily an urban affair with little relevance to the rural masses. This book tests these ideas by examining the Revolutionary, Napoleonic and Restoration attempts to transform the tenure of communal land in one region of southern France; the department of the Gard. By analysing the results of the legislative attempts to privatize common land, this study highlights how the Revolution's agrarian policy profoundly affected French rural society and the economy. Not only did

some members of the rural community, mainly small-holding peasants, increase their land holdings, but certain sectors of agriculture were also transformed; these findings shed light on the growth in viticulture in the south of France before the monocultural revolution of the 1850s. The privatization of common land, alongside the abolition of feudalism and the transformation of judicial institutions, were key aspects of the Revolution in the countryside. This detailed study demonstrates that the legislative process was not a top-down procedure, but an interaction between a state and its citizens. It is an important contribution to the new social history of the French Revolution and will appeal to economic and social historians, as well as historical geographers.

Les Petites Histoires de la  
vieille : Languedoc - Hervé  
Berteaux 2012-12-27

Les Petites Histoires de la  
vieille : Languedoc - Rares sont  
les ouvrages qui vont chercher  
ce qui se cache derrière cette  
terre de cartes postales. Or  
notre vieux terroir possède  
bien des trésors, bien des  
légendes. Personne ne sait où  
habite La Vieille , mais elle  
accepte de raconter à Hervé  
Berteaux les vieilles histoires  
transmises de génération en  
génération. Des histoires bien  
malicieuses que seule La vieille  
pouvait nous restituer. Ces  
histoires vont vous faire  
sourire, vous faire peur, et  
vous faire rêver... C est une  
émotion de la simple réalité qui  
vous est proposée c est l  
homme d hier et l homme  
contemporain qui vous sont  
rapportés dans ces nouvelles  
de terroir.

Balancing the Scales of Justice

- Anthony Crubaugh  
2001-01-01

Recent revisionist history has  
questioned the degree of social  
change attributable to the  
French Revolution. In  
Balancing the Scales of Justice,  
Anthony Crubaugh tests this  
claim by examining the effects  
of revolutionary changes in  
local justice on the inhabitants  
of one region in rural France.  
Crubaugh illuminates two  
poorly understood institutions  
in eighteenth-century France:  
seigneurial justice and the  
revolutionary justice of the  
peace. He finds that justice  
was typically slow and  
expensive in the lords&’ courts,  
thus making it difficult for rural  
inhabitants to benefit from  
official channels of justice. By  
contrast, revolutionary reforms  
gave people the opportunity to  
submit quarrels to trusted and  
elected justices of the peace  
who adjudicated disputes  
quickly and inexpensively. By  
juxtaposing seigneurial justice  
in the ancien régime with the  
institution of the justice of the  
peace after 1789, Crubaugh  
highlights how revolutionary

changes in the system of dispute resolution profoundly affected members of rural French society and their relations with the French state. Over time rural dwellers came to accept the primacy of the state in resolving disputes, and the state thereby partially achieved its long-standing goal of penetrating rural areas.

Catastrophe, Gender and Urban Experience, 1648-1920 - Deborah Simonton 2016-10-04  
As Enlightenment notions of predictability, progress and the sense that humans could control and shape their environments informed European thought, catastrophes shook many towns to the core, challenging the new world view with dramatic impact. This book concentrates on a period

marked by passage from a society of scarcity to one of expenditure and accumulation, from ranks and orders to greater social mobility, from traditional village life to new bourgeois and even individualistic urbanism. The volume employs a broad definition of catastrophe, as it examines how urban communities conceived, adapted to, and were transformed by catastrophes, both natural and human-made. Competing views of gender figure in the telling and retelling of these analyses: women as scapegoats, as vulnerable, as victims, even as cannibals or conversely as defenders, organizers of assistance, inspirers of men; and men in varied guises as protectors, governors and police, heroes, leaders, negotiators and honorable men. Gender is also deployed linguistically to feminize activities or even countries. Inevitably, however, these tragedies are mediated by myth and memory. They are not neutral events whose

retelling is a simple narrative. Through a varied array of urban catastrophes, this book is a nuanced account that physically and metaphorically maps men and women into the urban landscape and the worlds of catastrophe.
