[Finding Finley](#) - Riley Hart 2020-01-29

FINLEYI may be young, but I know what I want.

I yearn to be submissive, both in and out of the bedroom. There's nothing I crave more than being under the control of another man.

Handing over power would fulfill a need I feel down to the marrow of my bones. What I don't know is how to get it. This kind of relationship requires complete trust-something I don't give to anyone except my only friend. Then along comes Dr. Aidan Kingsley. For the third time in my life, he helps me, without even knowing it, and someone like that, I can't help but believe in.

This is the man I'm meant to be on my knees for. Aidan is meant to be my Sir.AIDANI've never had a full-time submissive. I've certainly never had a houseboy, but when I meet Finley, I can't seem to turn him away. Instead, I decide to keep things simple, showing Finley that he can take pride on his knees but also stand on his own. He takes care of my home, and he gives me control, in a strictly platonic way, even though he wants more. He's so beautiful, so naturally submissive, that I'm having a hard time sticking to my rules. The more he flourishes and the more he craves from me, the tougher I find it to deny him.

Before I know it, he's under my skin. In my bed and in my heart. It wasn't supposed to go this far. I was only supposed to give him the tools he needed to find his own strength, yet somehow, in the finding of Finley, I found myself too. But my precious boy is only twenty; nineteen years my junior. And as I've told him, forever is a long time, and nothing in life is guaranteed.

**Dark New World Order Part 1** - Marcel Polte 2019-10-02

Since the 1950s, U.S. military and intelligence agencies have systematically tortured and abused children. Their goal: the creation of mind-controlled slaves to be used for child prostitution (blackmailing), child pornography,

drug trafficking and assassinations. A natural protective mechanism makes this possible. If the agony becomes unbearable, the victim uncouples parts of his perception (dissociation). In the most extreme form this means: the child's personality splits. The new inner person can then be programmed as desired by the perpetrators.

What sounds like a cruel horror story is frightening reality. The German lawyer Dr. Marcel Polte presents in this book the evidence for the CIA's inhuman program called Project MKULTRA. He not only evaluates released intelligence documents and investigation files, but also minutes of court hearings, Senate hearings and an advisory committee appointed by President Clinton, as well as the testimonies of survivors and their therapists. This shows a disturbing connection: the victims often come from old satanic families, and their cults are not only internationally networked, they use the same highly complex mind control techniques as the CIA. In addition - largely unnoticed by the public - there are rituals, human sacrifices and cannibalism, in the USA and in Germany as well. The author now reveals for the first time what lies behind all this.

Mikawa Souhei 2019-11-07

A hardworking salaryman by day immerses himself on weekends in the pen-and-paper roleplaying game Dungeons & Braves, where he plays his favorite character: a max level wizard. When his real life abruptly ends, he is given a second chance as Geo Margilus, his magic user from the game. The powers, wealth, and enchanted loot that he gathered across endless hours of imaginary adventures are now made real. The catch? He's transported to the world of Sedia, a fantasy realm where evil abounds, and ravenous daemons threaten mankind.

**Pictures from the Surface of the Earth** - Wim Wenders 2007

Wim Wenders, whose description as filmmaker, writer, photographer and traveller is still inadequate, has for years carried round an old panoramic camera that has come in handy when the extent or impressive nature of his experience is beyond normal measure. Landscapes stretch into infinity, horizons divide the world into water, earth and sky, streets, whether in Havana, Houston or Berlin draw our gaze to the very depth of civilisation, or to the abyss of horror and destruction as at Ground Zero shortly after September 11, 2001.

**Key Concepts in the Orff Music Therapy** - Gertrud Orff 1989

(Schott). In her second Book on the Orff Music Therapy, Gertrud Orff defines 77 'key concepts' of fundamental importance to an understanding of this multi-sensory therapy. A terminology is created that provides a tangible link to any child in need of therapy and enables the therapist to approach each child by means of an objective understanding of his complex condition. She illustrates her enthusiastic and provocative analysis with practical examples of children she has encountered during her work with music therapy at the Kinderzentrum in Munich. This book will be valuable both to the practising music therapist and to teachers, psychologists and all those interested in the ideas behind the Orff Music Therapy and their practical application.
