Studien zur Sprache, Geschichte und Kultur der  
Turkvölker was founded in 1980 by the  
Hungarian Turkologist György Hazai. The series  
deals with all aspects of Turkic language, culture  
and history, and has a broad temporal and  
regional scope. It welcomes manuscripts on  
Central, Northern, Western and Eastern Asia as

well as parts of Europe, and allows for a wide time span from the first mention in the 6th century to modernity and present.

*Young Love* - Anja Schmidt-Ott 2002

This work compares seven novels by writers of different political backgrounds. Concentrating on the experience of young love in the novels, it alternates sociological and literary analyses. Issues like the presentation of men and women, the attitudes to love displayed by the National Socialist state, the characterisation of society and the socio-cultural debates around the ideals of masculinity and femininity of the 1920s and the 1930s are considered. In so doing this work gives substance to notions such as the 'crisis of manhood', the 'motherly woman' and the 'backlash against modernity'. This comparative approach establishes strikingly similar features in gender roles and the social place of love in quite disparate works revealing new insights into the Mentalitätsgeschichte of the 1930s.

Vergiss ihn nicht - Liane Moriarty 2011-09-15  
»1998?« Die Ärztin sah sie besorgt an. »Sind Sie da ganz sicher?« »Ja, natürlich«, antwortete Alice. »Ich weiß das, weil mein Kind am 8. November 1998 zur Welt kommen soll.« »Die Sache ist nur die«, sagte die Ärztin langsam, »wir haben schon das Jahr 2008.« Durch einen Sturz hat Alice kurzzeitig das Bewusstsein verloren = und offenbar jegliche Erinnerung an die letzten zehn Jahre ihres Lebens. Ist sie etwa nicht 29, wahnsinnig glücklich mit ihrem Ehemann Nick und schwanger mit ihrem ersten Kind? Nein, sie ist natürlich schon 39, hat bereits drei Kinder und ihre Ehe | naja! Doch Alice ist entschlossen, die Zeit zurückzudrehen. Ein umwerfender Roman: anrührend, echt, liebenswert!

The Song Index features over 150,000 citations that lead users to over 2,100 song books spanning more than a century, from the 1880s to the 1990s. The songs cited represent a multitude of musical practices, cultures, and traditions, ranging from ethnic to regional, from foreign to American, representing every type of song: popular, folk, children's, political, comic, advertising, protest, patriotic, military, and classical, as well as hymns, spirituals, ballads, arias, choral symphonies, and other larger works. This comprehensive volume also includes a bibliography of the books indexed; an index of sources from which the songs originated; and an alphabetical composer index.

**Erschüttert** - Susan Hatler 2017-09-11  
(The Mind Reader series, Book One) High school junior, Kylie Bates, can suddenly read minds.

When she touches people's hands, she's able to see their deepest thoughts. As if that's not freaky enough, her dad sends her to help hottie detective, Sam Williams, track down a missing girl. Way too much pressure, especially for a girl who can't watch *Scream* without getting nightmares. Then, finding the missing girl leads to much more than Kylie's prepared for. Like discovering that her dad has been lying to her. That she has a family she never knew about. That the girls have powers similar to hers. Oh yeah, and that someone is out to get her. When the detective's teenage wanna-be-cop cousin, Trip Williams, approaches Kylie at school insisting she help him solve the case, she discovers Trip might be the only one she can trust, and the only one to help her unravel the secrets behind her mysterious gift.
