Christianity, Democracy, and the American Ideal

- Jacques Maritain 2006-09-01

Why Democracy needs Christianity: Maritain explains that in a society unleavened by religious ideals, an enduring democracy can never take root. And once a religious people abandons its faith, even the greatest democracy must wither and die.

**Quincentenarian** - David George Clarke  
When forensic biochemist Claudia Reid sees the results of a routine DNA swab taken in connection with a drink-driving case, she cannot believe her eyes. Beyond rare, the profile is, as she confides to her best friend Sal, 'outrageously

unique'. Convinced she has stumbled upon a major discovery in the world of genetics, Claudia ignores the rules that forbid her from identifying the man who gave the sample and sets out to trace him, risking her job in the process. Her enquiries lead her to an art gallery in the Lake District where she is rebuffed and angrily sent packing by the gallery owner, John Andrews, who tells her he has no interest in her research and threatens to report her. While surprised and dismayed by the intensity of Andrews' response, Claudia remains undaunted, determined to find a way to unravel the secrets hidden in his genetic code. Meanwhile, John Andrews is worried. Although he knows little about DNA, he understands that his must be very special — how else could he have lived for more than five hundred years and still show no sign of ageing? But bitter experience over the centuries has taught the quincentenarian that if his secret is discovered, he could be in mortal danger. As Claudia slowly moves closer to the incredible

truth, she is unaware that she has unleashed a threat to John's existence far greater than anything he has faced in the past.

Quincentenarian was previously published as Rare Traits by David George Clarke.

Mischief at the Waterhole - Gail Clarke 2017

The sun is blazing in the sky. Elephant, Giraffe, Lion, Cheetah, Zebra and Snake are tired, grumpy and very, very hot. They would love to find a way to cool down. Monkey, who enjoys all sorts of mischief, hears them grumbling. He thinks of a cheeky plan to help his friends and play a funny trick on them. Monkey persuades the animals to leave their coats on the bank of the waterhole while they cool down in the water. While they are enjoying themselves, Monkey mixes up the coats and when the animals climb out to put on their coats, they all pick out the wrong one. Giraffe is wearing Elephant's coat, Snake is wearing Lion's, and so on. They are all confused until Hippo, who lives in the waterhole points out what Monkey has done. The animals then all see the funny side of their mistake and

fall about laughing, after which they swap their coats back to their proper ones and dance off to the light of the moon.

*An Old Betrayal* - Charles Finch 2013-11-12  
In An Old Betrayal, the seventh book of Charles

Finch's bestselling series of Victorian mysteries, a case of mistaken identity has Charles Lenox playing for his highest stakes yet: the safety of Queen Victoria herself. On a spring morning in London, 1875, Charles Lenox agrees to take time away from his busy schedule as a Member of Parliament to meet an old protégé's client at Charing Cross. But when their cryptic encounter seems to lead, days later, to the murder of an innocuous country squire, this fast favor draws Lenox inexorably back into his old profession. Soon he realizes that, far from concluding the murderer's business, this body is only the first step in a cruel plan, many years in the plotting. Where will he strike next? The answer, Lenox learns with slowly dawning horror, may be at the very heart of England's monarchy. Ranging from the slums of London to the city's corridors of power, the newest Charles Lenox novel bears all of this series' customary wit, charm, and trickery—a compulsive escape to a different time.
