Yet with the ladybug's help, he meets different backyard bugs to understand who he looks like. By merging nonfiction and fiction, the author cleverly soars and scores in this nature book! DO INSECTS SCARE YOUR CHILDREN? Fizzle the fear factor associated with bugs with this amazing book. All characters are cute and relatable, without evoking fear or disgust. They're specifically endowed with human traits and emotions; and at the same time, the structure of their bodies is realistic. The book teaches friendship, benevolence, compassion, empathy, self-care, and cooperation. It positively shows insects, indicates their role in nature and benefits to humans, and demonstrates how to purge young readers' fears associated with them.
