The Theory and Practice of Online Learning - Terry

Anderson 2008

"Neither an academic tome nor a prescriptive 'how to' guide, The Theory and Practice of Online Learning is an illuminating collection of

essays by practitioners and scholars active in the complex field of distance education. Distance education has evolved significantly in its 150 years of existence. For most of this time, it was an individual pursuit defined by infrequent postal communication. But recently, three more developmental generations have emerged, supported by television and radio, teleconferencing, and computer conferencing. The early 21st century has produced a fifth generation, based on autonomous agents and intelligent, database-assisted learning, that has been referred to as Web 2.0. The second edition of "The Theory and Practice of Online Learning" features updates in each chapter, plus four new chapters on current distance education issues such as connectivism and social software innovations."--BOOK JACKET.

The Handbook of Career

Advising - Kenneth F. Hughey
2012-06-07

The Handbook of Career

Advising "The Handbook of Career Advising not only provides a general introduction to this important academic advising function, but offers many practical applications that can help students make realistic and timely career decisions. As students face an ever-changing and complex workplace, helping them integrate their academic and career decisions has never been more important. This book is an excellent resource for advisors; it helps them become more cognizant of the critical role they play and will facilitate the development of the knowledge and competencies required to perform this important advising task." Virginia Gordon, associate professor emeritus, The Ohio State University "This book provides a wealth of information for anyone whose work involves helping students discover how intentional choices in curricular and cocurricular educational experiences can prepare them for tomorrow's workplace. The theoretical

foundations, information and resources, frameworks for practice, and recommendations for the future included in this book will guide academic advisors as they positively influence students' lives by helping them systematically and enthusiastically approach their career development." Mary Stuart Hunter, assistant vice provost, National Resource Center for The First-Year Experience and Students in Transition, University of South Carolina "The Handbook of Career Advising provides excellent information, resources, and examples of how academic advisors can become more knowledgeable and comfortable in providing career advising. Here, authors address critical issues such as diversity, working with specific student groups, and working with undecided or exploratory students. This book provides examples that illustrate how career and academic advising are significant parts of the teaching and learning process that support student success on our campuses." Casey Self,

Principles of Economics - Timothy Taylor 2014-03-15
"Principles of Economics is designed for a two-semester principles of economics sequence."--Page 6.

Berlin, a Message of Hope - Ronald Reagan 1987

Warriors Don't Cry - Melba Beals 2007-07-24

The author describes the

threats and emotional abuse she endured from white student and adults along with her fears of endangering her family as she committed to being one of the first African American students to integrate Central High School in Little Rock, Arkansas in 1957.

Enabling the City - Josefine Fokdal 2021-07-28

Enabling the City is a collaborative book that focuses on how interdisciplinary and transdisciplinary processes of knowledge production may contribute to urban transformation at a local level in the 21st century, striking a balance between enthusiastic support for such transformational potential and a cautious note regarding the persistent challenges to the ethos as well as the practice of inter and transdisciplinarity. The rich stories reflect different research and local practice cultures, exploring issues such as ageing, community, health and dementia, public space, energy, mobility cultures, heritage, housing, re-use, and renewal,

as well as more universal questions about urban sustainability and climate change, and perhaps most importantly, education. Against this backdrop, aspirations for the 21st century are related to the international, national, and local agendas expressed in the Sustainable Development Goals (SDGs) and in the New Urban Agenda (NUA), raising fundamental questions of how to enable development. We highlight aspects of transformative learning and ways of knowing, critical to any collaborative and participatory process.

American Government - Glen Krutz 2017-12-30

American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an

important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. The images in this textbook are grayscale. A Century of Dishonor - Helen Hunt Jackson 1881

The Hot Zone - Richard Preston 2012-03-14
The bestselling landmark account of the first emergence of the Ebola virus. Now a mini-series drama starring Julianna Margulies, Topher Grace, Liam Cunningham, James D'Arcy, and Noah Emmerich on National Geographic. A highly infectious, deadly virus from the central African rain forest suddenly appears in the suburbs of Washington, D.C. There is no cure. In a few days 90 percent of its victims are dead. A secret military SWAT team of soldiers and scientists is mobilized to stop the outbreak of this exotic "hot" virus. The Hot Zone tells this dramatic story, giving a hair-raising account of the

appearance of rare and lethal viruses and their "crashes" into the human race. Shocking, frightening, and impossible to ignore, The Hot Zone proves that truth really is scarier than fiction.

Sugar Changed the World a Story of Magic Spice Slavery Freedom and Science - Perfection Learning Corporation 2021-02
When this award-winning husband-and-wife team discovered that they each had sugar in their family history, they were inspired to trace the globe-spanning story of the sweet substance and to seek out the voices of those who led bitter sugar lives. The trail ran like a bright band from religious ceremonies in India to Europe's Middle Ages, then on to Columbus, who brought the first cane cuttings to the Americas. Sugar was the substance that drove the bloody slave trade and caused the loss of countless lives, but it also planted the seeds of revolution that led to freedom in the American colonies, Haiti, and France. With songs, oral

histories, maps, and more than eighty archival illustrations, here is the story of how one product moved the grand currents of world history. Book jacket.

Preface to a Dictionary of the English Language -

Samuel Johnson 2018-08-31

Our knowledge of the northern literature is so scanty, that of words undoubtedly Teutonic the original is not always to be found in any ancient language; and I have therefore inserted Dutch or German substitutes, which I consider not as radical but parallel, not as the parents, but sisters of the English. The words which are represented as thus related by descent or cognation, do not always agree in sense; for it is incident to words, as to their authors, to degenerate from their ancestors, and to change their manners when they change their country. It is sufficient, in etymological enquiries, if the senses of kindred words be found such as may easily pass into each other, or such as may both be referred to one general idea. The etymology, so far as

it is yet known, was easily found in the volumes where it is particularly and professedly delivered;

The Bells - Edgar Allan Poe
1881

Midsummer - Derek Walcott
2014-09-09

The poems in this sequence of fifty-four were written to encompass one year, from summer to summer. Their principal themes are the stasis, both stultifying and provocative, of midsummer in the tropics; the pull of the sea, family, and friendship on one whose circumstances lead to separation; the relationship of poetry to painting; and the place of a poet between two cultures. Walcott records, with his distinctive linguistic blend of soaring imagery and plainly stated facts, the experience of a mid-lief period--in reality and in memory or the imagination. As Louis Simpson wrote on the publication of Walcott's *The Fortunate Traveller*, "Walcott is a spellbinder. Of how many poets can it be said that their poems are compelling--not a

mere stringing together of images and ideas but language that delights in itself, rhythms that seem spontaneous, scenes that are vividly there?...The poet who can write like this is a master."

The Book of the Courtier - conte Baldassarre Castiglione 1903

The Diary of Anne Frank - Frances Goodrich 2000

THE STORY: In this transcendently powerful new adaptation by Wendy Kesselman, Anne Frank emerges from history a living, lyrical, intensely gifted young girl, who confronts her rapidly changing life and the increasing horror of her time with astonis

Fast Food Nation - Eric Schlosser 2012

Explores the homogenization of American culture and the impact of the fast food industry on modern-day health, economy, politics, popular culture, entertainment, and food production.

Night - Elie Wiesel 2013-09-10
A New Translation From The

French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. *Night* is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

Enrique's Journey - Sonia Nazario 2007-01-02

An astonishing story that puts a human face on the ongoing debate about immigration reform in the United States, now updated with a new Epilogue and Afterword, photos of Enrique and his family, an author interview, and more—the definitive edition of a classic of contemporary America Based

Downloaded from
store.click-arm.com on by

on the Los Angeles Times newspaper series that won two Pulitzer Prizes, one for feature writing and another for feature photography, this page-turner about the power of family is a popular text in classrooms and a touchstone for communities across the country to engage in meaningful discussions about this essential American subject. Enrique's Journey recounts the unforgettable quest of a Honduran boy looking for his mother, eleven years after she is forced to leave her starving family to find work in the United States. Braving unimaginable peril, often clinging to the sides and tops of freight trains, Enrique travels through hostile worlds full of thugs, bandits, and corrupt cops. But he pushes forward, relying on his wit, courage, hope, and the kindness of strangers. As Isabel Allende writes: "This is a twenty-first-century Odyssey. If you are going to read only one nonfiction book this year, it has to be this one." Praise for Enrique's Journey "Magnificent . . . Enrique's Journey is about

love. It's about family. It's about home."—The Washington Post Book World "[A] searing report from the immigration frontlines . . . as harrowing as it is heartbreaking."—People (four stars) "Stunning . . . As an adventure narrative alone, Enrique's Journey is a worthy read. . . . Nazario's impressive piece of reporting [turns] the current immigration controversy from a political story into a personal one."—Entertainment Weekly "Gripping and harrowing . . . a story begging to be told."—The Christian Science Monitor "[A] prodigious feat of reporting . . . [Sonia Nazario is] amazingly thorough and intrepid."—Newsday
Lizzie Bright and the Buckminster Boy - Gary D. Schmidt 2006
Turner Buckminster hates his new home of Phippsburg, Maine, but things improve when he meets Lizzie Bright Griffin, a girl from a poor island community founded by slaves that the town fathers want to change into a tourist spot.

To Build a Fire - Jack London
2008

Describes the experiences of a newcomer to the Yukon when he attempts to hike through the snow to reach a mining claim.

The Code Book - Simon Singh
2000-08-29

In his first book since the bestselling *Fermat's Enigma*, Simon Singh offers the first sweeping history of encryption, tracing its evolution and revealing the dramatic effects codes have had on wars, nations, and individual lives.

From Mary, Queen of Scots, trapped by her own code, to the Navajo Code Talkers who helped the Allies win World War II, to the incredible (and incredibly simple) logistical breakthrough that made Internet commerce secure, *The Code Book* tells the story of the most powerful intellectual weapon ever known: secrecy. Throughout the text are clear technical and mathematical explanations, and portraits of the remarkable personalities who wrote and broke the world's most difficult codes. Accessible, compelling, and

remarkably far-reaching, this book will forever alter your view of history and what drives it. It will also make you wonder how private that e-mail you just sent really is.

The Scarlet Ibis - James Hurst
1988

Ashamed of his younger brother's physical handicaps, an older brother teaches him how to walk and pushes him to attempt more strenuous activities.

A Modest Proposal - Jonathan Swift
2021-08-18

A Modest Proposal Jonathan Swift - To ease poverty in Ireland by eating the children of the poor was the satirical 'solution' suggested by Jonathan Swift in his essay 'A Modest Proposal' (1729). Here Swift unleashes the full power of his ironic armoury and corrosive wit, finding his targets - the British ruling class and avaricious landlords, and the brutalized Irish, complicit in their own oppression - with deadly precision.

Dreaming in Cuban - Cristina García
2011-06-08

"Impressive . . . [Cristina

Downloaded from
store.click-arm.com on by
guest

García's] story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the 'sustaining aromas of vanilla and almond,' as rhythmic as the music of Beny Moré."—Time Cristina García's acclaimed book is the haunting, bittersweet story of a family experiencing a country's revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself, a landscape of beauty and poverty, idealism and corruption. Dreaming in Cuban is "a work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez" (The New York Times). In celebration of the twenty-fifth anniversary of the novel's original publication, this edition features a new introduction by the author. Praise for Dreaming in Cuban "Remarkable . . . an intricate weaving of dramatic events

with the supernatural and the cosmic . . . evocative and lush."—San Francisco Chronicle "Captures the pain, the distance, the frustrations and the dreams of these family dramas with a vivid, poetic prose."—The Washington Post "Brilliant . . . With tremendous skill, passion and humor, García just may have written the definitive story of Cuban exiles and some of those they left behind."—The Denver Post

Does My Head Look Big in This? - Randa Abdel-Fattah
2014-05-01

Don't panic - I'm Islamic! Amal is a 16-year-old Melbourne teen with all the usual obsessions about boys, chocolate and Cosmo magazine. She's also a Muslim, struggling to honour the Islamic faith in a society that doesn't understand it. The story of her decision to "shawl up" is funny, surprising and touching by turns.

All Rivers Run to the Sea -
Elie Wiesel 2010-09-01

In this first volume of his two-volume autobiography, Wiesel takes us from his childhood memories of a traditional and loving Jewish family in the Romanian village of Sighet through the horrors of Auschwitz and Buchenwald and the years of spiritual struggle, to his emergence as a witness for the Holocaust's martyrs and survivors and for the State of Israel, and as a spokesman for humanity. With 16 pages of black-and-white photographs. "From the abyss of the death camps Wiesel has come as a messenger to mankind--not with a message of hate and revenge, but with one of brotherhood and atonement." --
From the citation for the 1986 Nobel Peace Prize

History of Plymouth Plantation, 1620-1647 -
William Bradford 1912

Gertrude and Claudius - John
Updike 2001-06-15

Gertrude and Claudius are the "villains" of Hamlet: he the

Downloaded from
store.click-arm.com on by
guest

killer of Hamlet's father and usurper of the Danish throne, she his lusty consort, who marries Claudius before her late husband's body is cold. But in this imaginative "prequel" to the play, John Updike makes a case for the royal couple that Shakespeare only hinted at. Gertrude and Claudius are seen afresh against a background of fond intentions and family dysfunction, on a stage darkened by the ominous shadow of a sullen, erratic, disaffected prince. "I hoped to keep the texture light," Updike said of this novel, "to move from the mists of Scandinavian legend into the daylight atmosphere of the Globe. I sought to narrate the romance that preceded the tragedy."

The American Crisis -

Thomas Paine

2021-04-26T23:11:56Z

The American Crisis is a collection of articles by Thomas Paine, originally published from December 1776 to December 1783, that focus on rallying Americans during the worst years of the Revolutionary War. Paine used

his deistic beliefs to galvanize the revolutionaries, for example by claiming that the British are trying to assume the powers of God and that God would support the American colonists. These articles were so influential that others began to adopt some of their more stirring phrases, catapulting them into the cultural consciousness; for example, the opening line of the first Crisis, which reads "These are the times that try men's souls." This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Give Me Liberty Or Give Me Death (Annotated) - Patrick Henry 2020-01-11

"Give me Liberty, or give me Death!" is a famous quotation attributed to Patrick Henry from a speech he made to the Virginia Convention. It was given March 23, 1775, at St. John's Church in Richmond, Virginia, ..

Guns, Germs, and Steel: The Fates of Human Societies (20th Anniversary Edition) - Jared Diamond 2017-03-07

Downloaded from
store.click-arm.com on by
guest

"Fascinating.... Lays a foundation for understanding human history."—Bill Gates In this "artful, informative, and delightful" (William H. McNeill, New York Review of Books) book, Jared Diamond convincingly argues that geographical and environmental factors shaped the modern world. Societies that had had a head start in food production advanced beyond the hunter-gatherer stage, and then developed religion --as well as nasty

germs and potent weapons of war --and adventured on sea and land to conquer and decimate preliterate cultures. A major advance in our understanding of human societies, *Guns, Germs, and Steel* chronicles the way that the modern world came to be and stunningly dismantles racially based theories of human history. Winner of the Pulitzer Prize, the Phi Beta Kappa Award in Science, the Rhone-Poulenc Prize, and the Commonwealth club of California's Gold Medal.
