Pedagogical Specialised Lexicography - Pedro A. Fuertes-Olivera
2008-07-03

This stimulating new book, which combines dictionary research and linguistic knowledge, analyses the representation of meaning in business dictionaries from a pedagogical perspective. By

examining in detail the macrostructure, mediostructure, access structure and microstructure of eight business dictionaries, this book presents interesting findings on how the dictionaries studied represent the 'noun-term', and on how they cope with the principles of new lexicography that aims at solving the needs of a specific type of user with specific types of problems related to a specific type of user situation. This exhaustive study, which makes simultaneous

contributions to the theory of terminology, lexicography, and LSP teaching, defends a methodological confluence between LSP lexicography and terminology, and proposes some guiding principles towards the construction of pedagogically-oriented specialised dictionaries that must target students enrolled in LSP courses: Business English, Business Spanish, Business Translation, etc.

wonderfully eccentric, suspenseful debut in the tradition of *Misery* and *Kiss of the Spiderwoman* about a screenwriter kidnapped by a world-famous director who orders him to compose a masterpiece. Pablo, a failed Argentine novelist-turned-screenwriter, has been kidnapped by the greatest Latin American film director of all time and is kept in a basement where he works, day after day, on what he is told must at all costs be a great, world-changing screenplay. Every night, after finishing work on the script, Pablo writes in his notebook and every morning he crosses out what he wrote the night before. *The Crossed-Out Notebook* is Pablo's diary of this time: being brought food by a maid; being threatened with a gun; vociferously arguing with the director about what he's written the previous day. The clash between the two men and their different approaches leads to a movie being made, a gun going off, an unlikely escape, and a final

confrontation. In the end, *The Crossed-Out Notebook* is a darkly funny novel full of intrigue and surprise about the essence of the creative process; a short, crazy ode to any artist whose brilliance shines through strangeness and adversity.

Teaching Translation from Spanish to English - Allison Beeby Lonsdale 1996

While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her

innovative book, she demonstrates how teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics illuminate the translation process.

Challenging long-held assumptions, she establishes a fascinating framework on which to base the structure of a professional prose-translation class. Her original contributions to the question of directionality and to the specific strategies of translating are applicable to not only the teaching of translation from Spanish to English, but to other teaching situations and to other pairs of languages as well. She also reviews the latest attempts in translation theory to define and contextualize ideal translator competence, student translator competence, and general translation strategies. Beeby Lonsdale completes her book by applying her conclusions to selecting and organizing the content of teaching translation from Spanish to English. She
