Kevin Lajiness 2013-2014 Song Book - Kevin Lajiness

So far in 2013-14 I've written and produced four albums and am working on a fifth. Two; "The river" and "Charleena" in 2013 and "The King of The Fire", and "once Upon a Perfect Storm" in 2014, and am working on "I'm in Love With a Dream". Many of my songs are ballads with a natural order theme to them, I try to put meaning to them , tell a story or have the listener stop and take pause. There is a pattern or creative reality expressed in many of them with a philosophical alignment to Native cultures. Subjects include stuff like Eagles ,Rivers ,Storms ,Dreams, Battle, Love, Spirit, Fire, Wonder, Life, Epic Adventure, and Overcoming or Conquering adversity through Natural Living. I find myself in agreement with native philosophy and teachings

"Mythos" is the most innovative collectable card game on the market. Unlike most collectable card games, it does not use a boardgame rule system. Instead, it goes back to traditional card games like Hearts, Bridge and Poker for its mechanics. This enables a simple and elegant rule set without the complicated timing problems of other games. It also means that everyone in the game is always involved, never having to wait while others complete their turn. Since its release, players have discovered and

appreciated the simplicity of play and the depth of possibilities provided in the "Mythos" collectable card game. This tome reveals additional secrets about the game, and provides hints, strategies, and deck-building guidance for intrepid Mythos investigators everywhere.

Marriage of Moon and Jaguar - C. Huilo C
2018-06-04

In book 3 of the series, *Tales of a Jaguar Magician*, Lola dives deeper in the exploration of "Who am I?." In the isolation of being human, the stories and myths have been rewritten to entertain or control the current societal paradigm. In *Marriage of the Moon & Jaguar*, *The Lattice*, the union of skills for Lolaboy continues. Lola has passed through several gates yet, has fallen into a level of doubt with cynical thoughts and disgust. It is crucial to transform these tensions before Lola can assist the other jaguar magicians on the Planet of Great Consciousness. After a refreshing elixir from Gaia, Lolaboy finds themselves ready to time-travel. They return to the Carnival of Souls, albeit, much older, to explore and retain gifts from the elder-self. Lola's pilgrimage has intricately encouraged better integrated abilities for creative responses to challenges. In this part of the story, Lola builds up enough skill to participate with Ocelotl, Gaia, Serpiente Transmuta and others in curative magic for the planet. As this is the last few moments before Lola enters the 3-D fixed realm of the humanos, the jaguar wizard learns how to integrate repair tactics to the lattice of perception. Lola joins a new host of characters including, Grid Geomanizer, Whitelionmeetsbuffalowomon, Benzab to learn navigational skills for moving through dimensions and realities. All in all, book 3 reveals how the self can be freed of attachments. Lola's world of elves, mysterious genies and sassy jaguar divas germinates a new bold fairy-tale that ultimately can break apart deeply inset discriminations and misjudgments on LGBTQ peoples. With yet another 27 stunning illustrations, the reader is absorbed into a trance. The world of color and symbolism stimulates the eye to dive deeper into the narrative. The lattice is the last stop before Lola enters the mundane 3-D world of humanity. Jaguar magic is elevated to a new complexity and Lola becomes ready to prepare

others for entry to the fifth dimension.

Vast legions of gods, mages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii, ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand... Conceived and written on a panoramic scale, Gardens of the Moon is epic fantasy of the highest order--an enthralling adventure by an outstanding new voice.
