[The AIG Story](#) - Maurice R. Greenberg 2013-01-09

Selected as one of Motley Fool's "5 GreatBooks You Should Read" In The AIG Story, the company's long-term CEO Hank Greenberg(1967 to 2005) and GW professor and corporate governance expertLawrence Cunningham chronicle the origins of the company and itsrelentless pioneering of open markets everywhere in the world. Theyregale readers with riveting vignettes of how AIG grew from amodest group of insurance enterprises in 1970 to the largestinsurance company in world history. They help us understand AIG'sdistinctive entrepreneurial culture and how its outstandingemployees worldwide helped pave the road toglobalization. Corrects numerous common misconceptions about AIG that arosedue to its role at the center of the financial crisis of 2008. A unique account of AIG by one of the iconic business leadersof the twentieth century who developed close relationships withmany of the most important world leaders of the period and helpedto open markets everywhere Offers new critical perspective on battles with N. Y. AttorneyGeneral Eliot Spitzer and the 2008 U.S. government seizure of AIGamid the financial crisis Shares considerable information not previously madepublic The AIG Story captures an impressive saga in businesshistory--one of innovation, vision and leadership at a company thatwas nearly--destroyed with a few strokes of governmental pens. TheAIG Story carries important lessons and implications for theU.S., especially its role in international affairs, its approach tobusiness, its legal system and its handling of financialcrises.

Fotografie Nadav Kander + Stern Junge Fotografie - 2012

* A long overdue tribute to one of the most varied photographers of his generation * Kander's distinctive work is both accessible and startlingly original Nadav Kander's work is a varied interplay of influences. His restrained and articulate compositions have a clarity and calm that draw the viewer into zen-like states. The London-based photographer's exceptional talent has been rewarded with major success, and his work is featured in the Sunday Times Magazine, Rolling Stone, and Esquire among other publications. His unique skill is especially manifest in his spare and muted landscapes and his straight portraits. The Yangtze, The Long River work was awarded the second Prix Pictet. His Obama's People feature--which he created for The New York Times Magazine in 2009--have a haunting complexity few contemporary photographers could equal.

Son of Truth - BRAVE Books 2021-11-29

The Original Dream - Nukila Amal 2017-01-01

For Maya, history is like a dream, and her dreams are like a history of her life and how it relates to others. Effortlessly defying and calling into question time and space, Maya inhabits fantastical realities filled with shamans, romantic longing, a daughter's struggles, and a flying dragon. Lyrically flowing between Maya's multiple realities, The Original Dream is the story of a young independent Indonesian woman trying to break free from cultural and social conventions while also searching for her place among family and friends. With guidance from her parents, coworkers, and sister, along with a newborn filled with the wisdom of elders, Maya navigates her perceptions, looking for answers to unknown questions. Whether soaring through the nighttime sky, caring for her nephew, or tending to guests at the hotel where she works, she tries to delineate the difference between dreams and reality and if such a difference even matters. "

Euro Firefighter - Paul Grimwood 2008

Paul Grimwood has responded and worked from over a hundred fire stations in the USA and Europe. In this, his third book, he demonstrates how the very best strategies and tactical approaches from Europe and the USA may be effectively combined to enhance firefighter tactics and safety at structure fires. The book also covers and exceeds the 2007 syllabus of the European (UK) EDEXCEL CFBT Instructor Qualification (90 hours) for practical Fire Behavior Training (flashover training in ISO shipping containers and other FDS units). Euro Firefighter is for the CFBT instructor, firefighter, company officer and fire chief. The concept of teaching about flashover using ISO steel shipping containers was developed in Europe -- now read how European instructors teach fire behavior using a vast array of Fire Development Simulators (FDS). This book will also take you out onto the fire-grounds of London, New York, Madrid, Chicago, Paris, Germany and Sweden, demonstrating how similar fires are fought using different strategic approaches and showing how US and EURO firefighting tactics are gradually aligning in many areas. From tactical ventilation to air management, from Rapid Intervention Teams to high-rise firefighting and limited staffing, the author brings you the best tactics from Europe and the USA in one training manual! Written in such a way that the training officer can immediately transfer key learning points directly into training presentations, the core principles of this training package enhance firefighter safety on the fire-ground. The book also provides a LINK CODE for ongoing updates and web-based downloads. Euro Firefighter covers a broad range of issues important to anyone who steps off a fire truck at the scene of an emergency.

Full color

throughout, the book is illustrated with Karl's hand-drawn cartoons and comic strips and it features e-mail contributions from a host of celebrities and experts who Karl has quizzed to further his knowledge. Read Karl's blog at <http://www.karlology.co.uk>

The Book of L - G. Rozenberg 2012-12-06

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been customarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.
