Middle England - Jonathan Coe 2020-07-14

A comedy for our times" (The Guardian), Middle England is a piercing and provocative novel about a country in crisis. From the frenzy of the 2012 Olympics to the aftermath of the Brexit referendum, here Jonathan Coe chronicles the story of modern Britain by way of a cast of characters whose world is being upended. There are newlyweds who disagree about the country's future and, possibly, their relationship; a political commentator who writes impassioned columns about austerity from his lavish town house while his radical teenage daughter undertakes a relentless quest for universal justice; and Benjamin Trotter, who embarks on an apparently doomed new career in middle age, and his father, whose last wish is to vote to leave the European Union. A sequel to *The Rotters' Club* and *The Closed Circle* that stands entirely alone, Middle England is a darkly comic look at our strange new world.

Music and Trance - Gilbert Rouget 1985-12-15

Ritual trance has always been closely associated with music—but why, and how? Gilbert Rouget offers an extended analysis of music and trance, concluding that no universal law can explain the relations between music and trance; they vary greatly and depend on the system of meaning of their cultural context. Rouget rigorously examines a worldwide corpus of data from ethnographic literature, but he also draws on the Bible, his own fieldwork in West Africa, and the writings of Plato, Ghazali, and Rousseau. To organize this immense store of information, he develops a typology of trance based on symbolism and external manifestations. He outlines the fundamental distinctions between trance and ecstasy, shamanism and spirit possession, and communal and emotional trance. Music is analyzed in terms of performers, practices, instruments, and associations with dance. Each kind of trance draws strength from music in different ways at different points in a ritual, Rouget concludes. In possession trance, music induces the adept to identify himself with his deity and allows him to express this identification through dance. Forcefully rejecting pseudo-science and reductionism, Rouget demystifies the so-called theory of the neurophysiological effects of drumming on trance. He concludes that music's physiological and emotional effects are inseparable from patterns of collective representations and behavior, and that music and trance are linked in as many ways as there are cultural structures.

**Le epifanie di Proteo** - Maria Clara Ghia 2016-01-03T00:00:00+01:00

È ora di dedicarci a capire "come nasce l'immagine", la costruzione dello spazio, la formazione di uno spazio praticabile, vivibile, generatore di comunicazione e convivenza: uno spazio per una sia pur nuova, futura, inventata, possibile condizione umana. UN RICORDO SU MARCELLO FABBRI Dall'introduzione al volume di Antonio Quistelli Marcello Fabbri fu uno degli "outsider" che io volli in squadra con me alla facoltà di Architettura di Reggio Calabria quando ne ero il Direttore. Un nostro primo incontro c'era stato per un progetto del quale mi ero occupato al tempo del terremoto del Belice. Un uomo acuto, un'intelligenza pronta e una cultura profonda non poteva non riconoscere in lui uno di quei maestri che la fortuna mi ha fatto più volte incontrare. Erano tempi in cui la mia carica di Rettore mi dava grandi poteri e l'uso di risorse economiche che mi consentivano tutta una serie di interventi che non fossero solo diretti alla promozione della Scuola che dirigevo, ma anche alla promozione della vita culturale della città che ci ospitava. Fu così che prese vita quel Controspazio che lui suggerì di acquisire passando dalle mani di Portoghesi alle nostre. Marcello era un ispiratore instancabile di tutto ciò che poteva far crescere noi e insieme la nostra città. Era sempre il partigiano, il combattente per la libertà, che continuava la sua battaglia e, questa volta, in un disegno complessivo di avanzamento di idee e di principi. C'era tra noi quella differenza di età che aveva chiamato lui a prendere le armi e me a capire facendo scelte

alle quali sono stato costantemente fedele. Lo ammiravo e ne condividevo posizioni e intenti. Non è la prima volta che mi trovo a scrivere per ricordarne la memoria. Mi accadde, a caldo, all'atto della sua scomparsa e sento come in dovere prendere la penna ora, questa volta, per un tributo che quanti lo hanno conosciuto e lavorato con lui sentono di dover dare. Ciao Marcello: sei sempre con noi.

ANNO 2022 LO SPETTACOLO E LO SPORT TERZA PARTE - ANTONIO GIANGRANDE

Antonio Giangrande, orgoglioso di essere diverso. ODIO OSTENTAZIONE ED IMPOSIZIONE. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

**Bastard** - Violette Leduc 2003

An obsessive and revealing self-portrait of a remarkable woman humiliated by the circumstances of her birth and by her physical appearance, *La Batarde* relates Violette Leduc's long search for her own identity through a series of agonizing and passionate love affairs with both men and women. When first published, *La Batarde* earned Violette Leduc comparisons to Jean Genet for the frank depiction of her sexual escapades and immoral behavior. A confession that contains portraits of several famous French authors, this book is more than just a scintillating memoir -- like that of Henry Miller, Leduc's brilliant writing style and attention to language transform this autobiography into a work of art.

**A Scientific Autobiography, reissue** - Aldo Rossi 2010-01-29

A lyrical memoir by one of the major figures of postmodernist architecture; with drawings of architectural projects prepared especially for the book. This revealing memoir by Aldo Rossi (1937-1997), one of the most visible and controversial figures ever on the international architecture scene, intermingles discussions of Rossi's architectural projects—including the major literary and artistic influences on his work—with his personal history. Drawn from notebooks Rossi kept beginning in 1971, these ruminations and reflections range from his obsession with theater to his concept of architecture as ritual.

This Is Happiness - Niall Williams 2020-07

"Change is coming to Faha, a small Irish parish that hasn't changed in a thousand years. For one thing, the rain is stopping. Nobody remembers when it started; rain on the western seaboard is a condition of living. But now - just as Father Coffey proclaims the coming of the electricity - the rain clouds are lifting. Seventeen-year-old Noel Crowe is idling in the unexpected sunshine when Christy makes his first entrance into Faha, bringing secrets he needs to atone for. Though he can't explain it, Noel knows right then: something has changed. As the people of Faha anticipate the endlessly procrastinated advent of the electricity, and Noel navigates his own coming-of-age and his falling in and out of love, Christy's past gradually comes to light, casting a new glow on a small world. Harking back to a simpler time, *This Is Happiness* is a tender

portrait of a community - its idiosyncrasies and traditions, its paradoxes and kindnesses, its failures and triumphs - and a coming-of-age tale like no other. Luminous and lyrical, yet anchored by roots running deep into the earthy and everyday, it is about the power of stories: their invisible currents that run through all we do, writing and rewriting us, and the transforming light that they throw onto our world."--Publisher description.

*Lady O* - Abigail Prowse 2019-08-02

Expressing yourself from behind a screen has always been the easy way out; and for Lady O - pen name of Olyvia Cardoso - writing in this way makes her life lighter, less complicated, and easier to bear. Through the pages of her books, and the words of her newspaper column, the Upper East Side's most infamous journalist demolishes men one-by-one, always fighting the corner of each woman who writes to her. She forgets, briefly, that these same men were the ones who caused her so much pain during her teenage years. But she can never fully forget - not about everything. Suddenly, Gerard Gordon comes crashing back into Olyvia's life: one of the main contributors to her suffering all those years ago. Spiteful, arrogant, deceitful...or so it seemed. A neurosurgeon who is so fascinated by Olyvia that he wants to protect her, even from herself? Encyclopedia of Asylum Therapeutics, 1750-1950s - Mary de Young 2015-02-12

The mentally ill have always been with us, but once confined in institutions their treatment has not always been of much interest or concern. This work makes a case for why it should be. Using published reports, studies, and personal narratives of doctors and patients, this book reveals how therapeutics have always been embedded in their particular social and historical moment, and how they have linked extant medical knowledge, practitioner skill and the expectations of patients who experienced their own disorders in different ways. Asylum therapeutics during three centuries are detailed in encyclopedic entries, including "awakening" patients with firecrackers, easing brain congestion by bleeding, extracting teeth and excising parts of the colon, dousing with water, raising or lowering body temperature, shocking with electricity or toxins, and penetrating the brain with ice picks.

Questo diario va somministrato a chi soffre del mal di suocera. Non è un farmaco in grado di rimediare con un sorso alla patologia, ma un

sostegno a cui aggrapparsi nei momenti di crisi. La protagonista forse non esiste, o forse esiste un po' in tutte le case del mondo, ma è nata per dare sollievo a un'enorme categoria umana: quella dei generi esauriti, che ogni giorno combattono con il coltello in mezzo ai denti. Devono sapere che non sono soli. Sul loro stesso pianerottolo, probabilmente, si sta consumando un dramma identico. E c'è da giurare che anche dall'altro capo del mondo stia avvenendo qualcosa di molto simile. L'idea della lotta collettiva è da sempre l'unico rimedio contro la sofferenza individuale

*Charlie Chaplin's Last Dance* - Fabio Stassi 2014-04-03

'A day without laughter is a day wasted.' It is Christmas Day when Charlie Chaplin receives a visit from Death. The great actor is 82 years old, but not yet ready to face the final curtain. Desperate to see his teenage son grow up, the actor strikes a deal: if he manages to make Death laugh, he will win an extra year of life. As he awaits his final, fatal encounter, Chaplin composes an impassioned letter to his son, in which he attempts to tell him about his past, from his impoverished childhood in England (with an alcoholic father and a mother who went mad) to the heights of success on the silver screen in America, via stints in the circus and vaudeville, and odd jobs as a newspaper hawker, printer, boxer and embalmer. As well as being the story of the evolution of a comic genius, this is the story of the evolution of cinema and how a beam of light on a white screen fired the imagination of an entire nation. As in his silent films, Charlie's adventures are simultaneously tragic and comic. The narrative flickers at a frenetic clip from false starts and early failures to eventual triumph in the magical moment when - before the eyes of a stupefied film crew - Charlie became the Tramp: with a little moustache, a shuffling slantwise walk, a cane and a dusty bowler hat, one of the most iconic figures of the golden age of cinema was born.

Obsolete Objects in the Literary Imagination - Francesco Orlando 2008-10-01

Translated here into English for the first time is a monumental work of literary history and criticism comparable in scope and achievement to Eric Auerbach's *Mimesis*. Italian critic Francesco Orlando explores Western literature's obsession with outmoded and nonfunctional objects (ruins, obsolete machinery, broken things, trash, etc.). Combining the insights of psychoanalysis and literary-political history, Orlando traces this obsession to a turning point in history, at the end of eighteenth-century industrialization, when the functional becomes the dominant value of Western culture. Roaming through every genre and much of the history of Western literature, the author identifies distinct categories into which obsolete images can be classified and provides myriad examples. The function of literature, he concludes, is to remind us of what we have

lost and what we are losing as we rush toward the future.
